

# Why PATH?

Healthcare professionals are essential to our community. With growing demand in all sectors of the industry, the state of Illinois recognized community colleges are key to meeting this need.

The PATH program, funded through an Illinois Community College Board grant, aims to serve, create, support and expand opportunities for individuals in select health care pathways. With a certificate or degree, they can enter and/or advance their careers in the health care industry.

***Fulfilling work, making a difference in the lives of others***

***Strong job outlook and above-average earning potential***

***Variety of work opportunities and flexible schedules***

# Getting started with PATH

## STEP 1

Decide which healthcare field is right for you. Staff and faculty at Kish are here to assist. Visit campus or contact [advising@kish.edu](mailto:advising@kish.edu) to get started.

## STEP 2

Apply to Kishwaukee College online. Once you have your student ID number, you can enroll in classes and pick your schedule for the term.

## STEP 3

Apply for PATH grant funding through the website. The PATH grant application is available at [www.kish.edu/pathgrant](http://www.kish.edu/pathgrant)

## STEP 4

Once notified of your PATH grant award, complete the process to accept funding for the semester. After acceptance, funding will be applied directly to your account.

## Grant Eligible Programs

- Basic Nurse Assistant (NUR 100)
- EMT-Basic (EMS 107)
- Medical Assistant
- Paramedic
- Pharmacy Technician
- Phlebotomy Technician
- Radiologic Technology
- Registered Nursing
- Sterile Processing Technician

*Funding provided in whole or in part by the ICCB. Amounts vary between programs.*

## Additional Supports Available

As part of the PATH grant, students may receive funding beyond tuition to support their enrollment in an eligible healthcare program. This can include textbooks, materials, internet reimbursement, and mileage for travel expenses to clinical sites. Additional documentation is required for this support.
