Annual Security Report August 1, 2023

Kishwaukee College publishes this Annual Security Report to foster and maintain a safe campus environment, and to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Act. This report is prepared in cooperation with the Dekalb County Sheriff's Department, the Dekalb Police Department, the Director of Campus Safety & Security, the Title IX Coordinator, and the Director of Student Success. The current information is gathered from the academic school year 2022-2023. Each year notification is sent to all enrolled students and current staff providing website access to the Annual Security Report. A complete hard copy of this report including printouts of web links is available in the Director of Student Success Office.

Campus Security Authority and Jurisdiction

Kishwaukee College is a comprehensive, two-year college offering five transfer degrees, and over 70 occupational degrees and certificates along with 5,000 credit and non-credit students annually. The main campus is located in a rural setting six miles west of Northern Illinois University in DeKalb County. Such a diverse campus provides enrichment for all who attend. Founded in 1968, the College serves a district population of 100,000 with over 400 faculty members and a staff. Roughly half a million square feet of facilities are located on our 120-acre campus.

To assist in maintaining a safe environment, the College has contracted with the DeKalb County Sheriff's Department to provide campus security services. As such, the DeKalb County Sheriff's Deputies have full police authority including that of arrest, granted by the Illinois General Assembly under 110 ILCS 685/30-45(11) in DeKalb County.

The Dekalb County Sheriff's Department

The Dekalb County Sheriff's Office has more than 35 sworn Patrol and Investigations Deputies that are certified as peace officers in accordance with state law and receive basic and advanced law enforcement training and education governed by the Illinois Law Enforcement Training and Standards Board.

The Dekalb County Sheriff's Office maintains intergovernmental agreements

and working relationships with the Illinois State Police, City of DeKalb Police Department, Northern Illinois University Police Department, as well as all other municipalities in the county and numerous other local, state, and federal law enforcement agencies.

Collaborative Policing: By mutual agreement with the Kishwaukee Community College, Dekalb County Sheriff's Office have Deputies assigned to patrol campus. The Sheriff's Office assigns one Sergeant and one full time deputy to the Kishwaukee main campus. The Dekalb County Sheriff's Office also maintains mutual aid agreements to communal resources in the following areas:

- **DeKalb County Major Case Squad:** By mutual agreement with the DeKalb City Police Department, Sycamore Police Department and Northern Illinois University Police Department, the Dekalb County Sheriff's Office provides personnel, equipment, and other resources to investigate serious or expansive incidents of crime that occur within DeKalb County.
- **DeKalb County Special Operations Team:** By mutual agreement with the DeKalb City Police Department, Sycamore Police Department and Northern Illinois University Police Department, the Dekalb County Sheriff's Office provides personnel, equipment, and other resources to respond and mitigate dangerous

incidents that present significant risk to the public and law enforcement.

- Illinois Law Enforcement Alarm (ILEAS) System: By mutual agreement with the Illinois Law Enforcement Alarm System, the Dekalb County Sheriff's Office provides local law enforcement across Illinois with assistance for emergency response to natural disasters, civil unrest, and terrorism prevention.

Reporting a Crime or an Emergency

Students, faculty, staff, and community members are strongly encouraged to report criminal activity, suspicious circumstances, and person(s) in an accurate and timely manner. Reports of criminal activities on campus will be investigated by the Campus Security Office/Dekalb County Sheriff's Department in cooperation with appropriate federal, state, and or local authorities. The Campus Security Office will work with individuals reporting crimes to obtain all the information necessary including evidence, identifying potential witnesses to investigate all crimes to determine the appropriate disposition. Anyone reporting criminal activity or witnessing crimes are expected to cooperate with college officials and law enforcement officers in the filing of campus incident reports. Crimes should also be reported for the purposes of providing timely warnings to the community along with formulating the annual security reports. A log of campus criminal incidents is maintained by the Campus Security Office/DeKalb County

Sheriff's Department and is available for public inspection 24 hours after the reporting of an incident.

Campus Daily Crime Log

The purpose of the Daily Crime Log is to record criminal incidents and alleged criminal incidents that are reported to or identified by the campus police or security department. Crimes reported to the Campus Security Office/Dekalb County Sheriff's Office must be entered on the crime log within two business days (A business day is Monday through Friday, except for days when the institution is closed). There are two exceptions to this rule, if the disclosure of the crime is prohibited by law and secondly if the disclosure of the crime would jeopardize the confidentiality of a victim. The crime log is kept in the on-campus Security Office, Dekalb County Sheriff's Office, C2177.

Emergency Reporting

On-campus emergencies requiring immediate police assistance should be reported from the nearest phone by calling 911. For a more accurate and timely response, yellow signs have been posted within classrooms and office areas, that identify the room number and closest access door for first responders to enter. Emergency phones are also located in all campus wings for direct calling to 911. For response to emergencies at off-campus locations, call 911.

Non-Emergency Reporting

Reports of any suspicion or actual occurrence of criminal activities that do not require immediate police emergency

assistance should also be reported to the On-Campus DeKalb County Sheriff's Office, C2177 or 815-825-9529 and/or the Director of Student Success, C2129 815-825-9738 in order for an appropriate investigation to be conducted.

Reports made to the Sheriff's Office or Director of Student Success will be considered formal reports to the college and will be investigated through administrative procedures.

Campus Security Authorities (CSA):

To further encourage the timely reporting of crimes on campus, the Jeanne Clery Disclosure of Campus Security and Campus Crime Act identifies and defines Campus Security Authorities (CSAs) as College faculty and staff members with "significant responsibility for student or campus activities." Some examples of CSAs include staff members of Campus Safety, athletic coaches, Title IX coordinator, Director of Student Success, Athletic Director, Athletic Trainer, etc. The intent of including non-law enforcement personnel in the role of CSA is to acknowledge that some individuals maybe more comfortable reporting incidents to other campus-affiliated individuals. All crimes reported to CSAs must reported be to Campus Safety in a timely manner. Reports made to Campus Security Authorities may be used as the basis for the issuance of Timely Warning safety alerts or other emergency notifications.

Confidential Reporting Procedures

We encourage anyone who has been a victim or a witness to a crime to immediately report the incident by filing a report with one of the campus security authorities, however we understand that sometimes reporting an incident can be emotionally challenging with a lot of uncertainty. The Clery Act provides ways to confidentiality report incidents. Kishwaukee College has partnered with Safe Passage to provide confidential advisory services to students affected by sexual misconduct. The College's personal counseling resources through the online platform, Talkspace. Talkspace is also a confidential resource. The College's use of Talkspace and other local agency referrals, provides additional student support services. The College will make every reasonable effort with its control to change students' academic situation and to protect them on campus after the occurrence of an alleged sexual offense.

Access to Campus Facilities

As a public community college in the State of Illinois, Kishwaukee College endeavors to provide a safe and open access to its facilities by students, staff, and visitors during its posted regular hours of operation. However, access to some facilities and doors during regular hours of operation may be restricted for the safety and protection of individuals, equipment, or facilities. Restriction to some areas and doors maybe controlled by proximity access cards along with security cameras strategically placed throughout campus to deter incidents from occurring but also to

help with evidentiary value when investigating an incident. While our campus is open, the DeKalb County Sheriff’s Department along with the cadet Corp patrols the campus on a regular basis. Security rounds are completed to ensure exterior doors/hardware is functioning properly, malfunctioning lights and unsafe physical conditions are reported to the facilities department etc.

Access to facilities or equipment after normal hours of operation must be authorized by college senior leadership staff.

The Security Office Hours of Operation are Monday-Thursday 7:00am – 10:00pm Friday 7:00am - 4:00pm* *Excluding Fridays during the 12 summer weeks when campus is closed.

Crime Prevention and Security

Awareness Programs

The Kishwaukee College Director of Campus Safety and Security works in conjunction with the Director of Campus Operations, the Executive Director of Campus Operations and Informational Tehnology and the On-Campus Sheriff’s Department when it comes to crime prevention strategies. Various programs and methods exist for informing students

and staff about campus security procedures, being responsible for one's own security and the security of others. Staff and students have access to the Annual Security Report and crime statistics to assist them in crime prevention and reporting. Various programs and methods exist for informing students and staff about campus security procedures, being responsible for one's own security and the security of others, and crime prevention strategies. New Student Orientations include campus security discussions, campus security alerts via text and emails to students and staff are used to apprise the campus of security risks to their person or property. Crime Stopper signs have been posted around campus to call if anyone witnesses a crime along with emergency phones that are located in all campus wings. Other efforts include exterior lighting, interior and exterior security cameras strategically placed throughout the campus that records activity and is monitored by the on-campus Sheriff's Department. Furthermore, there is either a custodian supervisor, the on-campus Sheriff's Department or a Kishwaukee Cadet Corp member that is available to escort students or staff members to their cars by contacting 815-895-2155 or if you are on campus by dialing extension 9529 or the Cadet Corps extension 9431.

Campus Safety Tips

- Avoid walking alone after dark and always walk with others.
- Don't wear headphones or use other electronics that distract you.
- Tell people where you're going and when you expect to return.

- Keep to well-lit, busy routes.
- Avoid shortcuts and isolated areas.
- Have your keys ready as you approach your vehicle, and look inside before getting in.
- To receive an escort from anywhere on campus at any time during business hours, call the Sheriff's Department at 815-825-9529 or extension 9529.

Cadet Corps

The College's Cadet Corps program is there to assist in security while providing innovative paid internships. The Corps is comprised of full-time students who maintain a 2.0 or better GPA. Students can declare any major but must have taken and passed 9 semester hours of CRJ courses or be enrolled in the EMT or Paramedic course. They are supervised by the Director of Campus Safety and Security and work up to 20 hours per week. Cadets respond to calls for assistance of a non-criminal nature, provide crowd control during sporting events, battery jumps and vehicle escorts at night and patrol campus on foot, however cadets do not have arrest powers.

Emergency Preparedness and Evacuation Policy

In compliance with the Campus Security Act 110 ILCS 12 Kishwaukee College has a comprehensive, all-hazard, Emergency Operations Plan that has incorporated the National Incident Management System. Within these plans detail the immediate response and evacuation procedures. The

Sheriff's Department and Campus Safety Officials have the responsibility of responding to and determining if the situation does in fact pose a threat to the health and safety of the campus community. Upon confirmation of a significant emergency or dangerous situation, Kishwaukee College will without delay send out an alert notifying the appropriate groups based on the emergency or the entire campus community. Timely Warning and Emergency Notifications are explained below.

Emergency Response Planning

The purpose of emergency response drill and evacuation drills are to educate and train building occupants for emergency response and preparedness. During an evacuation, it is important for everyone to evacuate when the building's alarm system sounds or when instructed to do so by building administrators or those who are assisting in the evacuation.

Planned/unplanned drills are an important way to evaluate the college's current emergency evacuation plans and ensure that everyone understands their roles. Kishwaukee College will conduct a minimum of one test per year. The test maybe announced or unannounced and following the test it must be publicized with emergency response and evacuation procedures. This test must be documented with the description of the exercise, the date, time and whether it was announced or unannounced along with an assessment and evaluation.

Key points in an evacuation:

- It is important to be aware of primary and secondary evacuation routes.
- Aid those needing assistance (Individuals needing assistance should be directed to a specific area of refuge.)
- In case of fire do not use elevators.
- After exiting the building, identified personnel will assist you to the designated area away from the building. Remain there until you are told that you can return to the building.

Alert Notifications:

Kishwaukee College has the option to use one or more of the following alert notifications during emergencies, evacuations, and other situations where the college needs to communicate information to its stakeholders.

1. RAVE Mobile Safety Alert. The RAVE Mobile Safety Alert System is a way to communicate college emergencies and notifications via text message and e-mail to currently enrolled students and staff. Rave alerts are operated through Kishwaukee College. You are automatically opted into this service by providing your cell phone number in your student or employee profile. All Kishwaukee College e-mail addresses are automatically enrolled into the program.
2. Overhead PA System, located on the interior and exterior of the main

campus building along with Caukin Building, Campus Operations and the Early Learning Center.

3. Emergency Warnings and other information may be posted to the official Kishwaukee College Facebook and Twitter Page.
<https://www.facebook.com/KishCollege> or
<https://twitter.com/KishCollege>
4. The Kishwaukee College website
<https://www.kish.edu>
5. Fire Alarms in campus buildings.
6. Information may be posted on the numerous television monitors that are placed on the Kishwaukee Campus.

Timely Warnings:

The Senior Leadership Team in conjunction with the Director of Campus Safety and Security and the On-Campus Sheriff's Department will provide timely warning alerts to inform Kishwaukee College community stakeholders about serious crimes that have occurred on campus or adjacent to our campus that represent a serious or continued threat to students or employees. As soon as pertinent information is available the timely warning should be sent out and the dissemination process utilized should attempt to reach the *entire campus community*. The content of these alerts should include information regarding the crime including time and location, suspect information if applicable

and known, how to report information to law enforcement and information to promote personal safety. Timely warnings are issued *only for clery act crimes* that have been reported to law enforcement. Timely warnings are not generally issued if:

- The offender is apprehended and the threat of imminent danger for members of the community has been mitigated by the apprehension.
- If a report was not filed with the Campus Safety Office, or if the office was not notified in a manner that would allow for the office to post a "timely" warning for the community.

The development and dissemination of the notification will come from the Vice President of College Relations and her team, if not available the Executive Director of Technology and Campus Operations through Rave Alerts and social media when appropriate.

Emergency Warnings (all hazards approach)

After an emergency has been confirmed by either the On-Campus Sheriff's Department or Campus Safety Officials, Kishwaukee College will without delay (30 minutes or less) determine the content of an emergency notification, *what segment of the population* should receive the notification based on the incident, and then disseminate the notification. Kishwaukee College will disseminate the information unless law enforcement advises to withhold the

emergency notification because it could compromise efforts to assist the victim, contain, respond, or mitigate the emergency or jeopardize the investigation. The development and dissemination of the notification will come from the Vice President of College Relations and her team, if not available the Executive Director of Technology and Campus Operations through Rave Alerts and social media when appropriate.

Campus Crime Statistics:

Classifying Crime Statistics

The statistics on the following pages are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the Clery Act. Publication of this annual report is required by federal law. The annual crime statistics were compiled by the On-Campus Dekalb County Sheriff's Department, Student Conduct, Title IX, Human Resource Department, Campus Security Authorities, and other relevant local and state law enforcement agencies. The college compiles the annual crime statistics for one school calendar year, however the report includes clery statistics for the previous two years. Additionally, these statistics include people referred for campus disciplinary action for categories required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Referrals occur when a person is not arrested for Weapons, Drug Abuse or Liquor Law Violations, but is instead referred for campus disciplinary action. Statistical information for certain non-campus locations or property owned or

controlled by the college, as well as public property within or immediately adjacent to and accessible from campus, are collected or requested from local police departments. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year in which the crime was reported.

The crime statistics tables are reflective of the requirements mandated by federal law for compiling this report. Kishwaukee reports the crimes required by the Clery Act that occurred on or within the institution's Clery Geography that were reported to a Campus Security Authority or local police agency.

The daily crime log is available for public review at the On-Campus Dekalb County Sheriff's Department, in room , C2177 located at 21193 Malta Road, Malta, IL or on the Kishwaukee College Website www.kish.edu/Annual Security Report

Counting Crimes:

The number of victims involved in a particular incident is indicated for the following crime classifications: murder/non-negligent manslaughter, manslaughter by negligence, sex offenses (rape, fondling, incest, statutory rape) and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics. The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery,

burglary and arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of motor vehicle theft, each vehicle stolen is counted.

In cases involving Weapons, Drug Abuse or Liquor Law Violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the “Judicial Referrals” section for Weapons, Drug Abuse and Liquor Law Violations indicate the number of people who were referred to Student Conduct for violating those specific laws.

Statistics for hate crimes are counted in each specific Clery-reportable crime category and therefore are part of the overall statistics reported for each year. The only exception to this is the addition of a bias-motivated larceny, simple assault, intimidation, and destruction/damage/vandalism of property; the law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance documents.
